

Competitive Contract

September 2019-September 2020

Please read this carefully. Failure to follow the below listed points may lead to removal from the competitive team and/or school. These rules apply to students and guardian(s). Four Season Dance Academy believes in building a positive environment for children to grow and we need the support of parents and students to make this happen. Please read the below points and sign the form if you consent.

Professionalism- *The skill, good judgment, and polite behavior that is expected from a person who is trained to do a job well. One individual's opinions and attitudes is a reflection of the group as a whole.*

1. I will not compare my child to other children in the studio or children in their own classes.

I understand that every child progresses at a different rate.

2. I will be supportive of my child and others in the studio. I will leave the coaching and instructing to the teacher.

3. I will not discuss my personal problems or negative views in the waiting room or discuss problems with other parents or students. I understand that negative talk and attitudes follow the dancers into the classroom.

4. Any complaints or concerns I will direct to Katie and I trust she will do everything she can to help.

5. I will not talk negatively about other studios or their dancers. I understand that this is a zero-tolerance rule.

6. Absolutely no bullying by students or parents will be tolerated.

7. Students are to arrive on time and ready for rehearsals. You are required to be at all rehearsals but if three or more have been missed then action will be taken. Dance is a team activity.

8. Absolutely no rehearsal can be missed 6 weeks before the first competition. If there is an emergency please inform Katie as soon as possible.

9. Any student injured will be required to have a signed doctor note before returning to activity. Decisions will be made on a case by case basis on each student's participation in competitive dances once they have returned.

10. We are building strong, confident and healthy students and Four Season Dance staff, students and parents are expected to help encourage this perspective.
